What is **WERP-India**?

WERP-India is a brand acronym for Women Empowerment Research Project in India.

We are social impact organization founded in 2017 to innovate sustainable solution to the problem of Women in India through social research and volunteering. Our Approach is to empower students with skills so they can go out there to empower Women.

Our Vision is to empower all India Women and see their status change on every side.

The Project is a multi-dimensional sustainable development project to reconstruct Indian society towards a favourable mindset and appreciation for Women
